ABOUT ME

I am a self-starter with strong interpersonal skills. I work efficiently both as an individual contributor as well as along with a team. I seek new challenges and try to think out-of-the-box while looking for creative solutions to a given problem. I am a quick learner and believe in learning from my mistakes for I strongly feel that this virtue will take me ahead in life and career.

PROJECTS

Food Ordering System
Link: https://github.com/Ksnehal073/DBMS-5th-sem-projecct-
Features :
- Search for the food
- Get access to menus, photos, contact details and all the other essential information
- Managed all purchase orders and monitored website budget by controlling project expenses
- If your order is prepared or picked you will be able to track your order in real time.

Bank System
Link :https://github.com/Ksnehal073/TSFbasicBank

Built using HTML, CSS, Javascript, PHP and MySQL, it allows the user to perform monetary transactions and keep a track of their banking activities.
